3.4. Medal qualifications and tie-breaking rules

3.4.1. Medal qualifications

These rules apply to World Championships, Junior World Championships, World Cup, World Challenge Cup, IFAGG Trophy, Continental Championships and open championships.

The main principle is that the gold medal cannot be shared by two groups, but silver and bronze medals can be shared.

If two or more groups have an equal total score (preliminaries + finals) or have an equal score for the World Cup or Challenge Cup series ranking, the order of the criteria by which the winner is determined is:

1. The higher score in the Finals (second competition day)
2. The higher execution score in the Finals
3. The higher execution score in the Preliminaries
4. Superior Jury score is the result concerning these groups
5. If there is no Superior Jury, the same system will be gone through, first technical score, then artistic score.

3.4.2. Cup points

Ranking points in World Cup and Challenge Cup competitions

There are four (4) partial World Cup and Challenge Cup competitions, where teams can earn ranking points for World Cup or Challenge Cup final ranking.

IFAGG General Competition Rules

In each World/Challenge Cup partial competition, the top-12 teams (highest total score from preliminaries and finals) get cup ranking points. In partial competitions I-III the top 12 teams get ranking points from 12 to 1. In Cup finals (partial competition IV) the top-12 teams get 1.5 multiplied ranking points, that is from 18 to 1.5.

Ranking points in World Cup (WC) and Challenge Cup (CC) I – III partial competitions:

- Rank first (1.) of competition gets 12 WC / CC points
- Rank second (2.) of competition gets 11 WC / CC points
- Rank third (3.) of competition gets 10 WC / CC points
- Rank fourth (4.) of competition gets 9 WC / CC points
- Rank fifth (5.) of competition gets 8 WC / CC points
- Rank sixth (6.) of competition gets 7 WC / CC points
- Rank seventh (7.) of competition gets 6 WC / CC points
- Rank eighth (8.) of competition gets 5 WC / CC points
- Rank ninth (9.) of competition gets 4 WC / CC points
- Rank tenth (10.) of competition gets 3 WC / CC points
- Rank eleventh (11.) of competition gets 2 WC / CC points
- Rank twelfth (12.) of competition gets 1 WC / CC point

Ranking points in World Cup Final and Challenge Cup Final competitions:

- Rank first (1.) of competition gets 18 WCF / CCF points
- Rank second (2.) of competition gets 16,5 WCF / CCF points
- Rank third (3.) of competition gets 15 WCF / CCF points
- Rank fourth (4.) of competition gets 13,5 WCF / CCF points
- Rank fifth (5.) of competition gets 12 WCF / CCF points
- Rank sixth (6.) of competition gets 10,5 WCF / CCF points
- Rank seventh (7.) of competition gets 9 WCF / CCF points
- Rank eighth (8.) of competition gets 7,5 WCF / CCF points
- Rank ninth (9.) of competition gets 6 WCF / CCF points
- Rank tenth (10.) of competition gets 4,5 WCF / CCF points
- Rank eleventh (11.) of competition gets 3 WCF / CCF points
- Rank twelfth (12.) of competition gets 1,5 WCF / CCF point

Final ranking for a team is counted as a sum of three (3) best cup ranking points from four (4) competitions during one season. The winner of the World/Challenge Cup is the team with the highest final ranking (most cup ranking points).

If two or more groups have the same total cup points after the World Cup Finals or after the Challenge Cup Finals (after all partial competitions), the ranking in the total cup is determined by:

1. The highest ranking in one of those Cup competitions
2. If the groups with the same ranking place have participated in more than 3 partials cup competitions, those cup points will be counted also towards the final cup ranking score.
3. The higher score in the Finals (second competition day)
4. The higher execution score in the Finals
5. The higher execution score in the Preliminaries
6. Superior Jury score is the result concerning these groups.
7. if there is no Superior Jury, the same system will be gone through, first technical score, then artistic score.

IFAGG General Competition Rules

3.4.3. Choice of finalists

These rules apply to World Championships, World Cup Finals, IFAGG Junior Championships, Challenge Cup Finals, IFAGG Trophy, Continental Championships and open championships.

The order of criteria by which finalists are determined, when two or more groups have the same total points after the Preliminary competition:

1. The higher execution score in the Preliminaries
2. The higher technical score in the Preliminaries
3. The higher artistic score in the Preliminaries
4. Superior Jury score is the result concerning these groups

Also, for World Championships and Junior World Championships:

The main principle is that the maximum number of groups that can go to the Finals is 12 groups based on their ranking in the preliminaries.

Exceptions

1. Only the 2 best groups per country may enter the Finals after the preliminaries.
2. There is a continental place for every continent in the Finals. If no group from a continent is among the 12 best groups, they will have an extra place in the Finals.
3. There is a place in the Finals for the best group from the organizing country. If the best group from the organizing country is not among the 12 best groups in the preliminaries, they will have an extra place in the Finals.

If some countries don't have a place in the Finals, the IFAGG Council can nominate 1-3 groups to perform at the beginning of the Finals without competing in the Finals.

3.4.4. Medal qualifications in country ranking

These rules apply to World Championships and IFAGG Junior Championships.

The country ranking is determined by the highest total score per team (from preliminaries or finals), with a maximum of 3 teams per country.

The places in the country ranking cannot be shared.

The order of criteria by which the country ranking is determined:

1. The higher Execution score
2. The higher Technical score
3. The higher Artistic score
4. Superior Jury score is the result concerning these groups

3.4.5. Amount of medals

Medals are given for the medalist groups, a total maximum of 18 medals per group:

- nominated gymnasts (max 15)
- coach (max 2)

IFAGG General Competition Rules

- choreograph (max 1)

In the country ranking, only nominated gymnasts are awarded with medals, to a maximum of 15 medals per group.

In the World Championships and Junior World Championships the IFAGG is responsible for medals. In other competitions, the organizer is responsible for medals. In the competitions where medals can be shared, the party who is responsible for medals must be prepared to have medals for shared places, up to a maximum of 18 per group.

3.5. Cancellation of a competition or an event

The IFAGG Council can cancel the competition or event without any compensation to the competition organizer or to the participants in case of any force majeure situations: for example, strike, war, political situation, lockout, industrial action, revolt, and natural catastrophes, or if the participant's security is somehow compromised or if there is another overwhelming obstacle that can be proved to influence that the competition cannot be organized according to the General Rules.
